

## **WESTCONGRESS ANNOUNCES LAUNCH OF EXCESS LIABILITY FACILITY**

*July 5, 2020*

WestCongress is pleased to announce the launch of a new **Excess Liability** facility for our **Artisan Contractors** program and an unsupported Excess Liability program **for premises risks and construction-related products risks**. This program will allow us to continue to offer our brokers and insureds in the Artisan Contractors, Premises and Products segments the tailored insurance solutions, full claims handling and outstanding customer service they have come to expect from WestCongress, all with highly rated, U.S. based carriers (AM Best Rated A- (Excellent), Financial Size Category VIII) and WestCongress' reinsurance partners. This facility expands our program offerings, which currently include primary general liability for the Artisan Contractors segment, as well as primary and excess general liability products in the Security and Energy segments.

### **About Our Artisan Contractors Excess Liability Program**

The Artisan Contractors Excess Liability program allows us to provide excess liability limits of up to \$5 Million with coverage available on a supported and unsupported basis and at multiple layers. The program offers coverages for the full spectrum of artisan contractors, including drywallers, electricians, equipment installation, service and repair, foundation repair, home builders, commercial general contractors, HVAC, infrastructure and site work, metal work, painting, plastering, plumbing, roofing, welding, wrecking and demolition and utility contractors, among others. Coverage is also available for premises risks and construction-related products risks.

### **About Our Unsupported Premises and Products Excess Liability Program**

The Unsupported Premises and Products Excess Liability program allows us to provide excess liability limits of up to \$5 Million with coverage available on an unsupported basis and at multiple layers. The program offers coverages for **premises risks**, including habitational, lessor's risk, hotels/motels,

warehouses and retail stores. Coverages are also available for **construction-related products risks**, including coverages for manufacturers and distributors of plumbing and HVAC parts and equipment, appliances, building materials, contractors equipment, flooring, cement products, roofing materials, modular homes and machinery and equipment.

Please visit our website (<https://www.westcongress.com/programs/excess/>) for complete details on our Excess Program.

Submissions for Excess coverage may be forwarded through our regular submissions email ([submissions@westcongress.com](mailto:submissions@westcongress.com)).
